Ex. Engineer (Central Store)

Instructions to Bidders

1 General

Tender forms and conditions can be downloaded from e-tendering portal <http://mcdetenders.com/common/home.asp> & www.mcdonline.gov.in.

2 Final decision making authority

The Department reserves the right to accept or reject any bid and to annul the process and reject all bids at any time, without assigning any reason or incurring any liability to the bidders.

3 Eligible Bidders

- (a) The Bidder eligible for participating in the bid process shall be Original Equipment Manufacturer (OEM) or its Authorized Dealer.
- (b) The bids for this contract will be considered from those bidders (Original Equipment Manufacturer, Authorized Dealer of any one of the OEM, combination of them or consortium or Joint Ventures) who meet requisite eligibility criteria prescribed in NIT. In case of a JV or Consortium, one member of the group shall be from OEM or their Authorize Dealer and JV / Consortium shall not have more than three members. All members shall be jointly liable for the performance of whole contract. Any of the firm shall not have less than 26% stake.
- (c) OEM means manufacturer of the chassis or manufacturer of the Sprinkling Application.
- (d) Any entity, which has earlier been barred by EDMC or any other Government department from participating in any project being undertaken, would not be eligible to submit a proposal, if such bar subsists as on the proposal Due Date.
- (e) JV/ Consortium shall submit declaration as per appendix 1 - 4.

4 Eligibility Criteria

The eligibility criteria for similar works shall be based on the estimated cost of the work amounting to Rs. **106 lacs** even if the work is extended for a period of further four months.

a) The Agency / Firm who fulfill the following requirement of executing the work, shall be eligible to apply. The performance certificate will not be certified by an officer below the rank of Executive Engineer/Project Manager or equivalent.

b) The bidder shall be eligible having experience:

Three similar works each amounting to not less than Rs. **42** lacs

OR

Two similar works each costing not less than Rs. **64** lacs

OR

One similar work costing not less than Rs. **84** lacs.

“Similar Works” shall mean manufacturing of water sprinkler or the work of Operation and Maintenance of Water Sprinkler Machines or Jetting Machines or Suction Cum Jetting Machine or Super Sucker Machine not below the specifications as per technical parameters defined in section IV and V.

The value of executed works shall be brought to current costing level by enhancing the actual value of work at simple rate of 7% per annum; calculated from the date of completion to last date of receipt of applications for tenders.

a) The agency should have average annual financial turnover of at least Rs. **53** lacs during the immediate last three consecutive financial years ending 31st March 2019.

b) The agency should not have incurred any loss for more than two years during the last five years ending 31st March 2019.

c) The agency should have a solvency of Rs. 42 lacs

d) To become eligible to participate in tender, the bidder shall have to furnish an affidavit as under:-

I/We undertake and confirm that eligible similar works(s) has/have not been got executed through another Agency on back to back basis. Further, that, if such a violation comes to notice of Department, then I/we shall be debarred for tendering in EDMC in future forever. Also, if such a violation comes to the notice of Department before date of start of work, the Engineer-in-Charge shall be free to forfeit the entire amount of Earnest money deposit/ Performance Guarantee. (Scanned Copy to be uploaded at the time of submission of bid)

- e) The technical bid shall be opened first on due date and time as mentioned in the tender. The time and date of opening of technical bid of qualifying agencies shall be communicated to them at a later date. After opening of the bids, department shall prepare a list of deficiencies found in the bids of each bidder vis a vis requirement as per NIT within one week and may seek clarifications in respect of submitted documents from individual bidders by speed post with a request to furnish required documents within one week of receipt, failing which it would be presumed that they do not have any further documents to furnish and decision on bid will be taken accordingly.
- f) The firm of repute shall submit certificate regarding:-
Firm should have valid GST, ESI and EPF Registration to be submitted within a period of fifteen (15) days from the date of award.

5. Pre Bid Meeting

The pre bid shall be held after downloading of tenders with the intending tenderers on 09.10.2019 at 04:00 pm in the office of SE (EMS) EDMC 419, Udyog Sadan, Room No. A1-103, 1st Floor, Patparganj Industrial Area, Delhi-92 as per details given in the tender documents for clarification of any doubts of the intending tenderers or for modification on any condition of the contract, specification etc. Addendum shall be issued if required.

6. Performance Guarantee

Successful Bidder(s) shall also submit the performance security, amounting to 5% of the total value of work to be calculated for completed project period i.e. four months within a period of two weeks from the date of issue of Letter of Intent or Letter of Award. The Bid Security shall be forfeited in the following cases:

- a. If the Bidder withdraws its proposal during the period between the proposal due date and expiry of the proposal validity period.
- b. If the Successful Bidder fails to provide the performance security within the stipulated time or any extension thereof provided by EDMC; and

c. If any information or document furnished by the Bidder turns out to be misleading or untrue in any material respect.

7. The payment shall be made strictly as per terms and condition of the contract.

SECTION-II

Terms & Condition

1. The Water Sprinklers mounted on TATA SE 1613 9KL Water Tanker, 4/2, BS-IV Chassis (Brand New machine) shall be handed over to bidder on "as is where is" basis and is to be operated at various work sites as per the program, for planned operation and preventive maintenance and other maintenance.
2. The machine(s) shall be used for Water Sprinkling on paved / unpaved surfaces such as roads on single shift of 8 (eight) hours, particularly for settling dust particles. The time of shift shall not be inclusive of moving the machine from parking place to working areas or back or moving the machine from one working place to another working place or as directed by Engineer-in-Charge. If machine goes for filling of Water Tanker from designated points (Kondli or Yamuna Vihar Sewer Treatment Plant), the time consumed shall not be considered in the working hours.
3. The designated water filling point(s) are Kondli Sewerage Treatment Plant, Yamuna Vihar Sewerage Treatment Plant and Shahdara Jheel behind Zonal office or as directed by Engineer in Charge. The water filling charges will be borne by the contractor.
4. Water Sprinklers will not be deployed on rainy days or as directed by Engineer-in-Charge. The machines, if desired, will be deployed on Sunday/Holiday. The extra / less payment will be paid as per the sanctioned shift on pro rata basis.
5. During contract period, if machine fails to work because of machine is OFF Road or not in working condition /lack of man power, or for any reasons in control of bidder, the cost being paid towards operation and maintenance will not be paid (in short" No work done, no payment" shall be followed). In addition to that Rs. 500 per day penalty will be levied in addition to the "No Work - No Payment" for that particular day. Partial work, if unavoidable, shall be paid on pro rata basis.
6. It shall be the responsibility of the agency to get the vehicle regularly serviced at Authorized Workshop of the OEM / Dealer for free services & repairs under warranty period. The supplier shall seek prior permission from the Engineer-in-Charge about the servicing / repairs.
7. All consumables such as Filters, Hoses, grease, Hydraulic Oil and Lubes etc. (for Sprinkling Unit as well as Auto Vehicle) as and when required for smooth operation of the machine, shall be provided by the agency. All minor and major repair/maintenance work of Pump Unit as well as Auto Vehicle will be in bidder scope.
8. GPS will be installed in all vehicles by the agency through a reputed agency and keep them all in working condition throughout the contract period. The Agency shall provide website, login ID and password to the department and integrate with department's MIS / portal so as to monitor the movement of the vehicles. Nothing extra shall be payable to the Agency on this account. To keep the proper record of the GPS reports in the desired format will be the responsibility of Agency /agency / firm and will be submitted as and when required by the Engineering in Charge.
9. Place of parking will be provided by EDMC.
10. Agency will also arrange for comprehensive insurance including third party for any accidents etc. The insurance charges shall be payable by the agency. Annual STA Fitness is in the scope of the work of agency.
11. The agency will furnish an indemnity bond equivalent to the cost of equipments.

12. In case, if machine is damaged due to accident the Agency / agency / firm has to get completed all repairing work of machine at Authorized workshop of the OEM at his own cost.
13. The Operation & maintenance work includes repairing & replacement of all electrical/mechanical parts, fuel injection system, battery, tyre etc. In case of break down, the Agency shall attend the same without fail & shall get repaired at the earliest.
14. All spare parts to be replaced shall be procured from Authorized Dealer of OEM or from Original Equipment Manufacturer. If not available from authorized dealer of Suction Unit, the prior permission will be obtained from Engineer-in-Charge for procurement of consumables or routine services. The repair and maintenance works shall be carried out under the supervision of Engineer-in-Charge.
15. The Agency has to deploy at least one Driver cum Operator and one trained Operator for each machine failing which Rs. 500/- per person per shift shall be deducted from the Agency's bill.
16. In case of accidents, death of the employee or third party, the EDMC shall not be responsible in any way. All the follow up work with Delhi Police / Traffic Police / Transport department or any other agency shall be carried out by the bidder. Documentation supports regarding the vehicle registration and it's insurance policy will be given by EDMC to bidder only.
17. All Periodical Preventive Maintenance (Servicing of vehicle & Auxiliary Sprinkling System) as per manual of the machine shall be done at Authorized workshop of Original Equipment Manufacturer. In case, authorized workshop of OEM is not available in Delhi, prior permission at other workshop will be obtained from Engineer-in-Charge.
18. The Agency shall maintain the machine in a good condition.
19. The Agency shall not sublet the work to any other agency.
20. At the end of contract, the Agency has to handover the machine to EDMC's Engineer-in-Charge in satisfactory working condition including vehicle chassis.
21. Operation and Maintenance rates shall be inclusive of all taxes, levies, duties, Transportation.
22. Bidder has to clearly note that the price quoted/shift/ will remain firm and no deviation will be given to any ground.

SECTION-III

SERVICE LEVEL AGREEMENT (SLA)

1. The start of Comprehensive Operation and Maintenance contract period will be considered from the date of handing over for each machine.
2. Agency's scope of work will be to operate & maintain the machine to its potential and technical specification.
3. The Water Sprinkler Machines shall function to settle / mitigate formation of dust.
4. The bidder has to submit and follow the preventive schedule described by the Chassis Manufacture as well as the Suction Unit Manufacturer. The described / defined preventive maintenance shall be certified by the Engineer-in-Charge.
5. The EDMC shall provide detailed cleaning programs for the continuous operation of the Machine.
6. One day in a week, will be provided for maintenance of machines irrespective of work load. However, if desired, the machine has to be operated on Sunday / Gazetted Holiday for which extra payment will be given as per the sanctioned shift.
7. The fuel shall be provided by the department.
8. The Water Sprinkler Machines shall cover the area of roads @ 5-10 KM per hour OR as per approved by Engineer-in-Charge.
9. The Agency shall be paid on monthly basis based on actual use duly verified by the Executive Engineer (Maintenance) concerned.
10. The agency will maintain proper log sheet for the working of machines at sites.

SECTION-IV**TECHNICAL PARAMETERS OF VEHICLE**

Generic Parameters	Engine Capacity (cc)	5675
	Water Tanker Capacity (Litres)	9000
	Make of Chassis	PRO Semi Forward Control 4x2 Chassis
	Chassis Model No.	Tata SE1613/424X2 BSIV
	Category of Vehicle for which Chassis to be used	Heavy Capacity Commercial Vehicles
	Body Style	Mild Steel Water Tanker With 9KL Capacity
	Body Options	Fixed Side Deck
	Type of Fuel	Diesel
	Vehicle Emission Compliance	Bs iv
	Vehicle Mileage (declared by OEM as certified by Test Agency under Rule 115of CMVR 1989)(Km/Ltr)	4.4
	Speed, Max (Km/Hr)	80
	Engine Power BHP@rpm (BHP@rpm)	134 BHP@2200-2400 Rpm BHP@rpm
	Engine Torque Max,@ rpm (N-M@rpm)	490Nm@1400-1600RMP N-M@rpm
	Engine Aspiration	Turbocharged Intercooled
	No of Cylinder in Engine(Nos)	6
	Fuel Tank Capacity (Litres)	225
	Gradeability of Chassis(%)	26
	Ground Clearance (mm)	239
	Wheel Base (mm)	4225
	Kerb Weight (Kg)	4900
	Gross Vehicle Weight (Kg)	16200
	No of Axle (Nos)	2
	BIS marked Pneumatic Tyres and tubes for both front and rear	Yes
	Chassis Transmission System	Manual
	No. of Speed/ Forward Gears	6
	Type of Steering	Power
	Turning Radius (mm)	8400
	Speed Governors with valid certification	True
	Gross weight of Water Tanker (Kg)	6000
	Transportation Charge in Rupees Per Km (Rs/Km)	16.2
Certification	Vehicle Certification ARAI/VRDE/ICAT No.	AAIN 0131
	Standard automobile paint to the exterior body as per CMVR Rules for Water Tanker.	Yes
Performance Parameters	Standard Sparewheel and Tool Kit	Yes
	Net water carrying capacity (Litres)	9000
	Total capacity of water tank (Litres)	9000
	Battery Warranty (Months)	12
	Warranty Time (Month)	12

	Warranty Distance (Unlimited during warranty period)(Km)	Yes
	No. Of Free Service	3
Constructional Parameters	Length of Chassis (mm)	6970
	Width of Chassis (mm)	2434
	Height of Chassis (mm)	2550
	Axle Configuration(Number of Outside Tyre x Number of Driving Tyre)	4X2
	Type of Front Axle and Suspension System	Heavy Duty forged I Beam, Reverse Elliot Type & Semi Elliptical Leaf Spring
	Type of Rear Axle and Suspension System	Single Reduction Heavy Duty, Hypid Gear, Fully Floating Axle Shaft & Semi-Elliptical Leaf Spring
	Size Of Front Tyres	10.00 X 20-16 PR
	Size Of Rear Tyres	10.00 X 20-16 PR
	Size of Wheel	20
	ABS Fitted	True
	Front Vehicle Brake	Full Air S-Cam Brake
	Rear Vehicle Brake	Full Air S-Cam Brake
	Type of Clutch	Single Plate Type with Push Type
	Side View Mirror	True
	Low Fuel warning Light	True
	Fog Lights	False
	Constructional Details of Cabin truck with water Tank : Seating Capacity (in the Yescabin)	D + 1
	Seating Capacity layout with dimensions	Yes
	Nominal Thickness of M.S.Plate used for fabrication of water tank to IS:1730 latest and IS :2062 latest for E-250BR steel grade. (mm)	3.15
	Size of channel used for frame for mounting on chassis.	Depth:223 Mm (Max), Width: 60 Mm Thickness: 7 Mm
	Dimensions (L X W X H)(mm)	3875X2235X1420
	Relavent surface treatment /paint details for inner surface ensuring the potability of water as per IS	False
	Hat type tube diameter/or other frame for body of main structure welded with/ for Monocoque	NA for factory built cabins
	Hat type tube diameter/or other frame(thickness of 1 (dot)6mm(min) for side and roof of main structure welded with/ for Monocoque	NA for factory built cabins
	Base Frame Structure ISMC to be fastened with chassis with U Bolts/ for Monocoque (mm)	ISMC
	Exterior Panel thickness of side body and roof / for Monocoque	Steel sheet of thickness 1 mm min
	Interior Panel thickness of side body and roof/ for Monocoque	Gi sheet of thickness 0 8 mm min
Flooring Made Out from ISI Marked 12 mm thick BWR	NA for factory built cabins	

	grade plywood covered with vinyl/Aluminium sheet	
	Seating Plan:- Co- driver seat suitable for One/ two persons (tilt able type/fixed type)	Yes
	Doors:- Flap type door with fixed toughened glass & locking mechanism manually operated window for Driver, Co-driver Compartment	Yes
	Glasses:- Front wind screen, rear glass in two pieces (toughened type glass as per ARAI approved) Window with lock cum handle	Yes
	Top portion of fixed glass window & bottom portion in two halves in sliding pattern	False
	Front Bumper Hook	Yes
	Rear Hook	Yes
	Fire Extinguisher	Yes

SECTION-V**TECHNICAL PARAMETERS OF SPRINKLER**

Generic Parameters	Capacity of Water Tanker for water Sprinkler in Kiloliter	9
	Type of Fuel	Diesel
	Emission Compliance	BS IV
	Mount Type	Truck Mounted unit
	For Water Sprinklers Power will be drawn from PTO	Yes
Fabrication Parameters	Capacity of Split Shaft PTO of the vehicle (Kg-m)	400
	Equipment Length	6970
	Equipment Height	2434
	Equipment Rear Over Hang	Yes
	If Yes, Mention rear overhang length in millimeter	200
	Safety equipment	Yes
	Drain Off valve	Yes
	High Pressure Jetting Pump With pressure regulating Arrangement	Yes
	Type Of Jetting Pump	High Pressure Triplex Plunzer Pump
	Working Range of Jetting Pump	130
	Water Flow for Pump of Jetting Machine (Ltr/min)	70
	Pressure Relief Valve Size	1.5
	Sprinkler tube with Nozzle	3
	Sprinkler tube Diameter (Capable of withstanding 1point5 times the maximum pressure generated by the pump) in millimeter	50.8
	Working pressure of Washing Hose	180
	Burst pressure of Washing Hose	720
	Spray gun	Yes
	High Pressure Washing Pump	100
	Water Flow of Washing Pump (Ltr/min)	20
	Length of hose	50
	Hose Reel Drive available	Yes
Hose Reel Type	Manual	
Hose Reel diameter	15	
Water Level Indicator Type	Yes	
Water Level Indicator Nos	2	
Accessories and Spares	Two nos Spray Gun	Yes
	Two Nos Spray nozzle	Yes
	Two sets of operation and service manuals and spare parts lists	Yes
	Two reels of hose pipe, each of 50m length	Yes
Performance	Warranty Time	24
	Warranty Distance	10000

	No of Free Service	3
Certification	Chassis Certification ARAI/VRDE/ICAT	Yes
	Chassis Certification ARAI/VRDE/ICAT No	Yes
	Seller to fabricate /install water sprinklers on water tanker	Yes
	Form 22 A - For compliance with pollution standards, safety standards of components and road worthiness as per CMVR Rules	Yes
	Conforming to IS:11387 for high pressure jetting machine for sewer cleaning	Yes
	Welding of Structure should be conformed to relevant IS Standard	Yes
	Availability of test reports for all critical components from the manufacturer or OEM of Jetting Pumps, Power Take Off unit, Sprinkler Hose etc shall be from any ILAC /NABL accredited / Central Govt Lab to be furnished to buyers on demand	Yes

SECTION-VI

SCHEDULE OF QUANTITIES

Name of Work: Comprehensive Operation & Maintenance of 40 Nos. of Water Sprinkler mounted on TATA SE 1613 9KI Water Tanker, 4/2, BS-IV Chasis for Water Sprinkling in EDMC.

S. No	Equipment Description	Qty.	Unit	Rate	Amt.
1	Comprehensive Operation & Maintenance of 40 Nos. of Water Sprinkler mounted on TATA SE 1613 9kl Water Tanker, 4/2, BS-IV Chassis for Water Sprinkling on PWD /EDMC /DDA roads including sides of central verge and side channels for eight hours per shift. The rate includes cost of Driver /Operator, Helper, T&P, Lubricants, Consumables etc.	4000	each	To be quoted	To be quoted
