13. a) The persons so deployed shall be liable for payment of their wages etc. and all dues, which the agency/contractor is liable to pay under various labour regulations and other statutory obligation.
b) The contractor/agency shall ensure that all persons so deployed by them get the minimum wages and all other benefits as are admissible under various labour laws/act.
14. The contractor/agency failure to fulfill any of the obligation here under and or under the said acts, elements, rules/regulations and/or any bylaws or rules framed under or any of these the SDMC shall be entitled to recover any of such losses or expenses which SDMC may have to suffer or incur on account of such claims, demands, loss or injury from the agencies monthly payments.

K.K. MEENA
 Executive Engineer (E&M)/Auto-II
 South Delhi Municipal Corporation

15. The contractor/agency shall take all reasonable precautions to prevent to any lawful or riotous or disorderly conduct of acts of his employees so deployed or outsider or any other person and for the preservation of peace and protection of employees and property of the SDMC. The agency will also be responsible for the safety of his personnel deployed at pumping station from all unlawful activities of any person or antisocial elements or any type of mob or such acts being created by any Municipal employee etc. as the pumping station is located at isolated place and the staff is to work during odd hours.

16. The contractor/agency will be responsible to keep the SDMC indemnified against all claims whatsoever in respect of the persons deployed by the agency, in case any of the person of the agency so deployed enters in dispute of any nature whatsoever it will be the prior responsibility of the agency to contest the same, in case the SDMC is made party and is supposed to contest the case, the cost thereof will be deducted from the agency for actual expenses incurred towards counsel fee and other expenses. Further, the agency shall ensure that no financial or any liability comes on SDMC in this respect of any nature whatsoever and shall keep SDMC indemnified in this respect.

17. The contract will be valid for the period mentioned in the work order from the date of handing over to the contractor. The same can be terminated at any time during contract period by giving seven days notice and no compensation shall be paid by the department. The contract shall be extended on the same terms and conditions with due notice, if required in public interest.

18. The Contract Agreement is to be executed with Department and necessary terms & conditions of the Department are also to be signed by the lowest offerer within 3 days on a non-judicial stamp paper of Rs.50/-, however all these conditions shall be the part of the agreement.

19. The contractor/agency shall submit monthly bill of the services rendered during the preceding month in the first week of the following month along with the affidavit to the effect that all labour laws/Govt. laws/Electricity laws etc. applicable to this contract, required number of persons with the qualification mentioned engaged on each day, all payments of the previous month have been made and there is no dispute between any of the person/s deployed on this contract, is to be submitted with monthly payments to the AE/JE concerned along with the bill.

20. The contractor will be responsible for watch & ward of installation against fire, flood, burglary, riots etc. at his own cost for the period of contract.

21. The contractor/agency shall not be entitled for increase in rates on any ground whatsoever within the period of the contract (except increase/revised in the minimum wages).

22. Action will be taken against the contractor if it is felt that the work is not being completed to the satisfaction of the Engineer-in-Charge or the same is abandoned without assigning any reason to the Department. All deposits & payments of the contractor with the Department can be forfeited pertaining to work.

23. The tender fee will not be reimbursed for any expenses incurred in preparation or submission of tender or for any other reason connected with the tender. No interest / any favour will be paid or can be claimed on deposition of earnest money with the Department for the period it remains within the Department.

24. The Bill of Quantity cum Schedule of Quantity, specifications, terms and conditions of the tender will not be used by tenderer for any other purpose and will not be given to any other contractor of department or for any other use to anybody or agency.

25. a) All Govt. laws / decisions / practices prevailing for such type of jobs and Department requirements connected with job work shall be followed by the contractor during or for the contract and no extra payment will be made on this account. If required SDMC can request for any of the compliance of these laws/practices connected with the work at any time during the period of contract, in case it is felt the work is not being carried out satisfactorily or on any complaint of the labour/ RTI requirement etc. or whatever other reason.

b) The SDMC can windup the contract by giving seven days notice without assigning any reason thereof. During the notice period for termination of contract the agency shall keep on discharging their duties and till the expiry of the notice period. It shall be the duty of the agency to remove all the persons so deployed on the termination of the contract on any ground whatsoever and ensure that no one creates any disruption/hindrance/problem of any nature to SDMC. The premises shall be handed over in writing to the AE/JE concerned.

26. It will be the duty of the contractor to observe all welfare laws under the factory/ labour act concerned, minimum wages act EPF and ESI etc., department will not be responsible towards any liability of any kind for the workman in case of dispute between contractor and the worker or any other law enforcing agency for the period of contract.

27. The contractor will ensure that the persons deployed shall follow all norms/regulations as per Indian Electricity Rules, while in operation or on the work or on duty etc. The operation will be got executed by Licensed Wireman / Qualified Fitter and any accident or injury to the staff shall be the responsibility of the Contractor.

28. It will also be the responsibility of the contractor to submit in writing to the Engineer-in-charge as well as to this office for any of the discrepancy found, that could affect the life of the persons or cause injury or damage to the installation etc. in the work even at odd hours during the period of contract. In case the Department is not informed of the same, the contractor shall be responsible for any or all the mishaps or damage to the installation/ system/ labour etc.

29. The Pump sets installed are to be operated as per Shift Timings fixed by the department or as and when required as per site conditions. The level of water in sump well should be kept at lower than the bottom of the connecting drain. If there are any complaints from the area and it is found that the level of water in the sump well is above the level of connecting drain, there will be a penalty of minimum Rs.1000/- per day or as decided by the Department, will be recovered from the monthly bill of the Contractor and the decision of Engineer-in-charge will be final.

30. The contractor will deploy only suitably qualified persons for any of the work during this deployment on contract. The minimum norms shall be:

K.K. MEENA
Executive Engineer (E&M)/Auto-II
South Delhi Municipal Corporation

b) For Beldars/ Helper/ Bar Screen Cleaner/ Chowkidar shall be necessary experiences with required physical health for the work of Beldar/ Helper.

31. The contractor shall be responsible for maintenance of all records of the persons deployed like Name, father's name, photo identity proof, residential proof (ration card attested copy/election card attested copy/driving license attested copy etc.), educational & technical qualification proof attested copies. The same shall be furnished to the Department's Engineer-in-Charge without fail while taking over the pumping installation/system for operation in respect of all the persons so deployed against the contract. The contractor shall also be responsible for intimating the Department's Engineer-in-Charge on his own while changing all or any of the persons deployed in writing.

The documents (i.e. payments, educational & technical qualification and ID proof etc.) related to manpower deployed by the firm may be kept ready for future verification by any Govt. agency in this regards.

32. a) The pump house premises will not be used by the contractor for any residential, commercial or any other purpose and in case of encroachment of any part of premises during the contract period, the contractor shall be immediately asked to give up the work and in case of dispute the same shall be dealt with the relevant law.

b) The pump house/system/pump sets is the property of the SDMC and the contractor can any way not mortgage/obtain loan/hire any part or can not take any such actions during the period of contract.

33. a) The contractor shall ensure proper filling of printed logbook for each pump house. The format of log sheet will be approved by the department. The shift duty persons shall sign in each shift on the log sheet and the same duly signed & stamped by the contractor shall be submitted to the Engineer-in-charge the next day.

b) All cost of logbook, register, submission of report in writing etc. will be borne by the contractor.

c) The contractor/ agency in case of fire or other natural calamity or sudden happening shall be responsible for all safety of the equipments and shall also be responsible for the deployment of their staff for the pumping station duties during any natural calamity or happening around the pumping station or in the city whatsoever may be.

d) The contractor/ agency shall be solely responsible for the correctness/genuineness of the documents whatsoever submitted.

34. The contractor/ agency shall be under obligation to deploy staff on any pumping station for carrying out similar works under the jurisdiction of SDMC in case the circumstances arises and no extra payment will be made on this account.

35. a) Any mishap in the premises of the Pump House for any reason whatsoever will be the responsibility of the contractor.

b) The contractor will be responsible for any or all damages to the machinery/ equipment installed in the Pump House and shall restore the same immediately with intimation in writing to the Engineer In-charge.

36. The persons deployed for SDMC work shall only be on the rolls of the contractor and cannot claim etc. for any employment in SDMC against the deployment in any way or anywhere, this will be the responsibility of the contractor to intimate them.

37. a) The Pump House and all the equipment installed should be kept neat and tidy and should be cleaned at least once in a shift.

b) The contractor will be responsible for the routine checking of the system/pump sets so that in case of any emergency, the system/pump set should function properly & satisfactorily. In case some fault/problem is noticed, the same should be brought to the notice of Engineer-in-Charge immediately, if it is not informed it will be the total responsibility of the contractor for such failures and any penalty decided by the Department shall have to be borne by the contractor.

c) This is a storm/ mixed water pump house/system in public interest, the contractor is to run the pump sets round the clock to maintain the desired level in the sump well.

d) During monsoon/ rains, the contractor shall be more careful and the pump sets are required to be immediately operated when the situation demands to avoid any water logging, failing which the contractor shall be responsible and the contractor shall be liable for drastic action.

38. In case of failure of electricity or any other breakdown in electric supply, the contractor will lodge the complaint in local complaint center of state electricity department and follow up for immediate restoration of Electric supply. In case of major breakdown by Distcom or machinery failure even during odd hours, he will intimate the Engineer-in-Charge immediately and will put on the system on the second source of power supply or the DG sets installed in the premises for running of pump sets. The contractor has to start the diesel engine pump sets installed in the pumping station to avoid any water logging in the command area, in case the situation demands. Any penalty by Distcom due to misuse of electricity or violation of Distcom laws by his staff will be paid by the contractor.

39. Any breakdown of machinery/ equipment/ system at the pump house under the contract should be immediately reported by the contractor to the Engineer-in-Charge and in the mean time shall take action for safety/ restoration or recovery etc. to avoid further loss/ damage of any kind.
